Petition No.: 940920-10-090

CONSENT ORDER

WHEREAS, Ellen Reilly (hereinafter "respondent") of Fairfield, Connecticut has been issued license number E53090 to practice as a registered nurse by the Department of Public Health (hereinafter "the Department") pursuant to Chapter 278 of the General Statutes of Connecticut, as amended; and,

WHEREAS, the Department alleges that:

1. She was employed at St. Vincent's Medical Center, Bridgeport, CT (hereinafter "St. Vincent") as a registered nurse from May of 1990 until July of 1994.
2. After being injured in an automobile accident in June of 1991, she was prescribed numerous medications by physicians.
3. In approximately April of 1992, she returned to work as a nurse at St. Vincent.
4. During the time period of approximately August of 1991 until May of 1994, respondent's physician prescribed Vicodin and Demerol. During June and July of 1994, respondent took these medications in excess of the prescribed dosages.
5. During the time period of approximately June and July of 1994, she diverted Demerol and/or Morphine from St. Vincent.
6. In July of 1994, she entered treatment for substance abuse.
7. The conduct set forth in paragraphs 4 and 5 constitutes grounds for disciplinary action pursuant to Connecticut General Statutes §20-99(b).

WHEREAS, respondent, in consideration of this Consent Order, has chosen not to contest the above allegations at a hearing in front of a hearing officer.

Ellen Reilly further agrees that this Consent Order shall have the same effect as if ordered after a full hearing pursuant to §§19a-9, 19a-10, and 20-99(b) of the General Statutes of Connecticut.

NOW THEREFORE, pursuant to §19a-17 and §20-99(a) of the General Statutes of Connecticut, Ellen Reilly hereby stipulates and agrees to the following:

1. That respondent waives her right to a hearing on the merits of this matter.
2. That respondent shall comply with all federal and state statutes and regulations applicable to her profession.
3. That respondent's license number E53090 to practice as a registered nurse in the State of Connecticut is hereby placed on probation for three (3) years, subject to the following terms and conditions:
 - A. At her own expense, she shall engage in therapy and counseling with a licensed or certified therapist (hereinafter "therapist") approved by the Board of Examiners for Nursing (hereinafter "the Board") and the Department for the entire probationary period.
 - (1) She shall provide a copy of this Consent Order to her therapist.
 - (2) Her therapist shall furnish written confirmation to the Board and the Department of his/her engagement in that capacity and receipt of a copy of this Consent Order within fifteen (15) days of the effective date of this Consent Order.

- (3) If respondent's therapist determines that therapy is no longer necessary, that a reduction in frequency of therapy is warranted, or that respondent should be transferred to another therapist, he/she shall advise the Board and the Department. Said termination of therapy, reduction in frequency of therapy, and/or respondent's transfer to another therapist shall not occur until approved by the Board after consultation with the Department. However, if therapy is terminated with approval of the Board, respondent's therapist or personal physician shall continue to monitor her alcohol and drug free status by monitoring and reviewing the observed random urine screens for drugs and alcohol as described in paragraph 3B below, and by providing the reports described in paragraph 3C below.
 - (4) The therapist shall immediately notify the Board and the Department in writing if respondent discontinues therapy and/or terminates her services.
- B. Respondent shall not obtain for personal use and/or use beer, wine or other spirits, controlled substances or legend drugs that have not been prescribed for her for a legitimate therapeutic purpose by a licensed health care professional authorized to prescribe medications.
- (1) At her own expense, she shall submit to observed random urine screens for drugs and alcohol at a testing facility approved by the Board after consultation with the Department, as ordered by her therapist and/or personal physician. Laboratory reports of random alcohol and drug screens shall be submitted directly to the Board and the

Department by respondent's therapist or personal physician or by the testing laboratory. All such observed random drug and alcohol screens shall be legally defensible in that the specimen donor and chain of custody can be identified throughout the screening process. All laboratory reports shall indicate that the chain of custody procedure has been followed.

- (2) She shall be responsible for notifying the laboratory, her therapist, the Board, and the Department of any legend drug(s) and prescribed medications she is taking.
- (3) There must be at least 4 such observed random alcohol/drug screens and accompanying laboratory reports every month for the first six months of probation; at least 2 such screens and reports every month for the next 24 months of probation; and, at least 6 such screens and reports during the last six months of probation.
- (4) All screens shall be negative for the presence of drugs and alcohol.
- (5) All positive screen results shall be confirmed by gas chromatograph/mass spectrometer (GC/MS) testing.
- (6) Respondent is hereby advised that the ingestion of poppy seeds has, from time to time, been raised as a defense to a positive screen result for morphine and/or opiates. For that reason, respondent agrees to refrain from ingesting poppy seeds in any food substances during the term of this Consent Order. In the event respondent has a positive screen for Morphine and/or opiates, respondent agrees that the ingestion of poppy seeds shall not constitute a defense to such a screen.

- C. Unless therapy is terminated/discontinued pursuant to paragraph 3.A(3), and respondent's therapist is not responsible for monitoring her alcohol and drug-free status, respondent shall be responsible for the provision of monthly written reports from her therapist directly to the Board and the Department for the entire probationary period. Such reports shall include documentation of dates of treatment, an evaluation of respondent's progress in treatment and of her drug and alcohol free status as established by the observed random urine screens for drugs and alcohol, an evaluation of her ability to safely and competently practice nursing, and copies of all laboratory reports.
- D. Notwithstanding the foregoing, respondent's therapist shall immediately report to the Board and the Department any confirmed positive alcohol/drug screen and any conduct or condition on respondent's part of which he/she has knowledge which does or may violate any federal or state statute or regulation applicable to her profession.
- E. Respondent shall provide a copy of this Consent Order to all current and future employers for the duration of her probation.
- F. Respondent shall not accept employment as a nurse for a personnel provider service, visiting nurse agency or home health care agency, and shall not be self-employed as a nurse for the period of her probation.

- G. Respondent shall be responsible for the provision of written reports directly to the Board and the Department from her nursing supervisor (i.e., Director of Nursing) monthly for her entire period of probation. Employer reports shall include documentation of respondent's ability to safely and competently practice nursing, and shall be issued to the Board and the Department at the address cited in paragraph 3K below.
- H. Respondent shall notify the Board and the Department in writing of any change of employment within fifteen (15) days of such change.
- I. Respondent shall notify the Board and the Department of any change in her home or business address within fifteen (15) days of such change.
- J. All reports required in paragraphs 3C and 3G are due on the tenth business day of every month commencing with the reports due Jan 1996
- K. All correspondence and reports shall be addressed to:

Office of the Board of Examiners for Nursing
Department of Public Health and Addiction Services
150 Washington Street
Hartford, CT 06106

- 4. That any violation of the terms of this Consent Order without prior written approval by the Board shall constitute grounds for the Department to seek revocation of the respondent's nursing license following notice and an opportunity to be heard.
- 5. That any extension of time or grace period for reporting granted by the Board shall not be a waiver or preclude the Board's right to take action at a later time. The Board shall not be required to grant future extensions of time or grace periods.
- 6. That legal notice of any action shall be deemed sufficient if sent to respondent's last known address of record reported to the Licensure and

Registration Section of the Division of Medical Quality Assurance of the Department.

7. That this Consent Order is effective on the first day of the month immediately following the month in which this Consent Order is approved and accepted by the Board.
8. That respondent understands this Consent Order is a matter of public record.
9. That the Department's allegations as contained in this Consent Order shall be deemed true in any subsequent proceeding before the Board in which (1) her compliance with this same order is at issue, or (2) her compliance with Sec. 20-99(b) of the General Statutes of Connecticut, as amended, is at issue.
10. That, in the event respondent violates a term of this Consent Order, respondent agrees immediately to refrain from practicing as a registered nurse, upon request by the Department, with notice to the Board, for a period not to exceed 45 days. During that time period, respondent further agrees to cooperate with the Department in its investigation of the violation, and to submit to and complete a medical, psychiatric or psychological evaluation, if requested to do so by the Department; and, that the results of the evaluation shall be submitted directly to the Department. Respondent further agrees that failure to cooperate with the Department in its investigation during said 45 day period shall constitute grounds for the Department to seek a summary suspension of respondent's license. In any such summary action, respondent stipulates that her failure to cooperate with the Department's investigation shall be considered by the Board and shall be given due weight by the Board in determining whether her conduct constitutes a clear and immediate danger as required pursuant to Connecticut General Statutes, sections 4-182(c) and

19a-17(c). The Department and respondent understand that the Board has complete and final discretion as to whether a summary suspension is ordered.

11. That, in the event respondent violates any term of this Consent Order, said violation may also constitute grounds for the Department to seek a summary suspension of her license before the Board.
12. That this Consent Order and terms set forth herein are not subject to reconsideration, collateral attack or judicial review under any form or in any forum. Further, this Consent Order is not subject to appeal or review under the provisions of Chapters 54 and 368a of the General Statutes of Connecticut, provided that this stipulation shall not deprive respondent of any other rights that she may have under the laws of the State of Connecticut or of the United States.
13. That respondent permits a representative of the Department to present this Consent Order and the factual basis for this Consent Order to the Board. The Department and respondent understand that the Board has complete and final discretion as to whether an executed Consent Order is approved or accepted.
14. That respondent has had the opportunity to consult with an attorney prior to signing this document.
